

The client, a leader in corporate real estate services, wanted a dynamic entrance to showcase its culture and prefigure the areas beyond the lobby dedicated to collaborative and heads-down work. A floating reception center and curved serpentine bench are sculptural and functional. Movable office fronts and cutting edge furniture encourage flexibility and support creativity.

Top: Highline Fifty conference table, Nero Marquina and umbra grey layered top, polished chrome edge and base, technology drawers, shown with Highline Twenty-Five credenza, umbra grey case, black limba doors, polished chrome base, black back painted glass serving top. Left: Custom pantry table, Glacier White Corian®.

Above, installation photo and drawing for custom bench, rift-cut European oak, polished chrome Highline base.
